## Powered by Google Developers

At DSC VIT, our aim is to learn and teach. Developers, designers and managers come together under one roof to create a community which inspires thousands. Join Us!

### Our focus

We think slightly out of the box, we believe that a club's resources must not only be channeled into conducting events but also to propagate learning and teaching, symbiotically.  
That said, we conduct two flagship events, namely, DevFest and WomenTechies, and tons of insightful workshops!

### Get to know the team

We've got a strong team filled with caffeine addicted developers, gradients loving designers and machine like working managers.
